Swift Water Rescue
Boat Operator Task Book

Task Book assigned to

Date assigned

Recommendation for Certification

I certify that the above listed candidate has met all requirements of the Swift water Boat Operator position

Preceptor name

Training Manager signature

General Training Requirements for certification to SWBO

1. Active on the Montgomery County Fire Rescue Service ICS list
2. Certified as a SWBC for one year
3. MD DNR or equivalent Safe Boater class certificate
4. Completion of SWBO Task book
5. Successfully pass the SWBO written and practical tests

Task Book completion process

The student will complete each skill set by being given instruction on each skill set included in the Task Book. The student will then be tested on the information or performance of items related to that skill set. **The tester cannot be one of the drill instructors for that skill set.**

The testing may only be done by a SWBO or higher certified team member.

All skills must be completed within three years of Task Book assignment.

Documentation for skill equivalency must be included with this packet and no equivalency skills will be accepted with a date past three years from recommendation for certification.
